

Revo® Pico™ is the ultimate go-anywhere portable DAB digital radio. Thanks to its splashproof design and integral re-chargeable battery, Pico™ can be used indoors or outdoors. As happy in your bathroom or garden as it is in your kitchen or bedroom.

Digital Music Companion

Revo Pico™ is difficult to categorise. Is it a DAB Digital Radio? Is it an iPod® speaker system? Is it an FM radio? Is it battery or mains powered? Designed for indoor or outdoor use?

The truth is, Pico™ is all of these things, and more. It is a genuine crossover product; one that embraces a number of different technologies and fulfills multiple roles, at home or just about anywhere else. Pico™ is the go anywhere, digital music companion.

A Winning Design, Proven Technology

Pico™ has been designed in the UK and features a custom version of Frontier Silicon's Venice DAB module - the world's best selling DAB chipset.

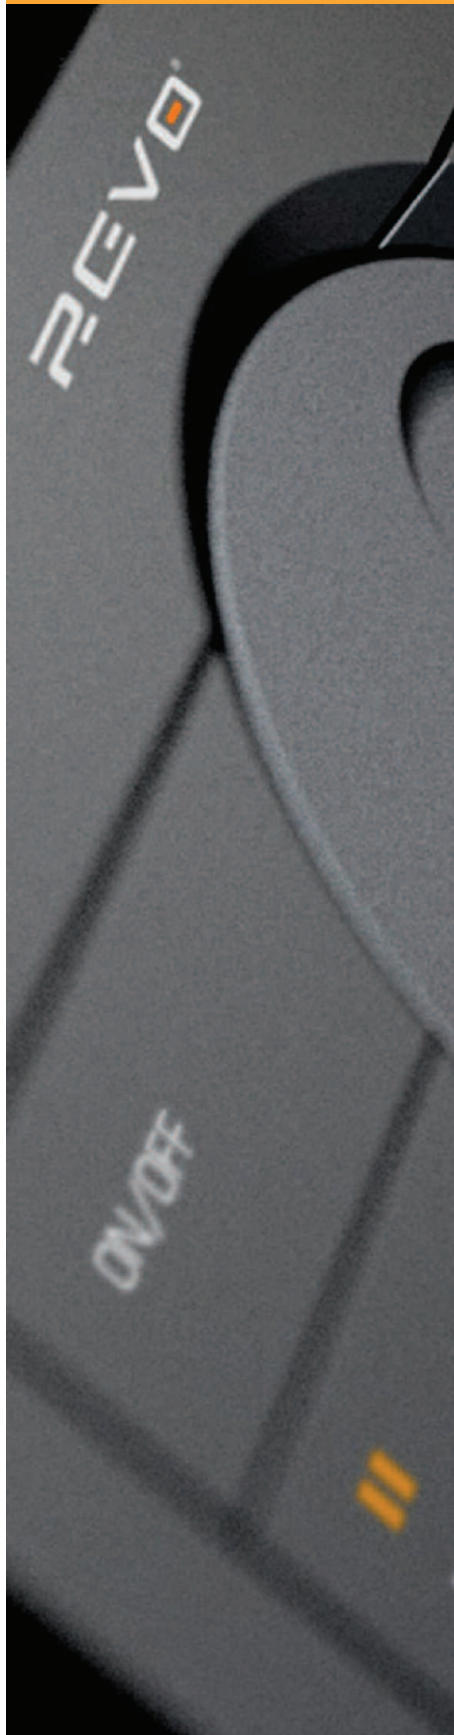

Key Pico Features

- High sensitivity DAB digital radio
- FM radio receiver
- Internal rechargeable battery for complete wireless freedom
- M-Port™ sound system support for iPod® and other MP3 devices
- Splashproof design for use indoors and out
- Large scrolling white-on-black LCD display
- Mains power supply included
- Compact and portable - less than 17cm high
- Fold-away telescopic antenna
- Stereo headphone connector
- Stereo lin-out RCA connectors

Revo Pico™ is a unique mix of DAB/FM radio and iPod® speaker system. All wrapped up in a compact device that can be used just about anywhere - thanks to its internal battery and splash-proof design

Dimensions 167mm (H) x 105mm (W) x 105mm (D)

pico™

DAB DIGITAL RADIO

M-Port™ - iPod®

Revo's M-Port™ technology allows for quick and easy connection of an iPod® (or other MP3 devices or sound sources) to Pico™.

Using the connection cable supplied, simply plug the iPod® (or other such device) into Pico's M-Port™ and you have a cordless sound system, proving high quality digital audio in a flash.

FM Radio

For fans of analogue FM radio, Pico™ features an FM tuner.

Pico™ Goes Anywhere

Pico™ is equipped with multiple powering options, meaning that its high quality digital audio can be enjoyed almost anywhere.

Indoors: Pico™ is supplied with a mains power adaptor, making it ideal for use around the home or office.

Outdoors: Thanks to its internal rechargeable Nickel Metal Hydride battery pack, Pico™ can be used just about anywhere; in the garden, in the bathroom, on the beach or by the pool.

Conveniently Pico™ is splash resistant, meaning that the odd splash of water or drop of rain won't be the end of the world.

A 12V in-car cigarette lighter socket power cord is available as an optional accessory, allowing Pico™ to be powered from your vehicle, or recharged while you are away from home.

Pico™ Colours

Pico™ is available in three colours as follows:

Satin Black:

- A subtle matt black finish with a slight sheen.

Snow White:

- A crisp, clean high-gloss white finish.

Titanium Silver:

- A slick metallic silver finish.

Pico™ Includes

The following standard accessories and parts are included with Pico™:

- Operating Guide
- Main Power Supply (for target territory)
- M-Port™ Connection Cable

Pico™ Optional Accessories

The following optional accessories are available for Pico™:

- Infra-Red Remote Control with Presets
- In-Car Power Cord and Charger
